Based on the number of teams compete in the Grand Prix - teams go into groups (3-4 teams in a group). The results of the group-rounds will implicate a ranking list - with all of the teams in order of their result from the groups. The newly ranked teams continue to compete on a direct table.  
*For example: 16 teams go into 4 groups. The teams fence in rounds in all groups. All teams score a result, which put them onto a newly formed ranking list. From that point all teams fence in direct elimination on a table of 16.*  
(A team is 3+1 fencer maximum. Reserve fencer is not a must, so 3 fencers can complete a team.)

**SAFETY RULES:****Competitors must have at least FIE 350Nm equipment.**
